KDOT to resurface U.S. 400 in Greenwood County

Monday, Aug. 13, weather permitting, the Kansas Department of Transportation (KDOT) plans to start a resurfacing project on U.S. 400 in western Greenwood County. The road work begins at the Butler-Greenwood county line and continues east for 11½ miles, ending at the east junction of U.S. 400/K-99.

Activity includes placing a 3-inch asphalt overlay on the surface and installing rock edge wedge. Flaggers and a pilot car will guide one-lane traffic through the work zone during daylight hours. Expect delays of 15 minutes or less.

KDOT awarded the \$3.2 million construction contract to APAC-Kansas, Shears Division of Hutchinson. The project should be finished by late October, weather permitting. Drivers should obey the signs and flaggers and 'Give 'Em a Brake!' in the work zone. Persons with questions may contact KDOT Construction Engineer Troy Howard at (785) 448-5446, or Public Affairs Manager Priscilla Petersen at (620) 902-6433.
