U.S. 59 guardrail survey planned

Starting the week of July 16 and continuing for two weeks, the Kansas Department of Transportation (KDOT) will conduct a field survey for guard rail improvements on U.S. 59 in Anderson County. The 6.7-mile survey area is within KDOT right-of-way and covers eight sites between the north city limits of Garnett and the Anderson-Franklin county line.

Activities include the use of survey instruments on the ground to determine locations of existing features within the corridor. Field Survey Project Manager Joseph Bowen will manage this survey for KDOT. Persons with questions may contact KDOT Public Affairs Manager Priscilla Petersen at (620) 902-6433.
