## **KDOT repairing concrete on U.S. 169 in Montgomery County**

Thursday, Nov. 9, weather permitting, the Kansas Department of Transportation (KDOT) plans to begin a project to replace mainline concrete panels on U.S. 169 south of the south U.S. 169/160 junction.

Temporary signals will control one-lane traffic at the work zone on a 24-hour basis, seven days a week. Expect delays of 10 minutes or less. The concrete repairs should be finished by late November.

KDOT reminds drivers to obey the traffic signs and signals. For more information contact Marcus Leck, maintenance superintendent at the Independence office, (620) 331-3760, or Priscilla Petersen at the Chanute office, (620) 902-6433.
