# K-58 bridge replacement to start June 17

On Monday, June 17, the Kansas Department of Transportation (KDOT) will begin a project to replace the Halderman Creek drainage bridge on K-58 in Greenwood County. The bridge is a reinforced concrete box culvert located approximately four miles east of Madison.

Traffic will be carried through the construction zone during early project phases.

**Monday, July 8, the project contractor plans to close K-58 to through traffic at the bridge site. The closure is expected to last four weeks, weather permitting.**

Eastbound K-58 traffic will detour around the project on the following state highway routes: from the K-58/K-99 junction proceed south on K-99 to the K-99/U.S.54 junction; proceed east on U.S.54 to the U.S.54/U.S.75 junction; proceed north on U.S.75 to the north junction of U.S.75/K-58. Westbound K-58 traffic should follow the same route in the opposite direction.

KDOT awarded the construction contract of \$315,250 to Killough Construction, Inc., of Ottawa, Kan. The entire project should be completed by October, and is funded under the T-WORKS transportation program. Those with questions may contact KDOT Garnett Area Construction Engineer David Baldrige at (785) 448-5446, or KDOT Southeast District Public Affairs Manager Priscilla Petersen, 1-877-550-5368. For more information concerning T-WORKS projects visit the website, [www.ksdot.org/tworks](http://www.ksdot.org/tworks).
