K-7 resurfacing to begin June 24

On Monday, June 24, the Kansas Department of Transportation (KDOT) expects to begin a project to place a conventional seal on K-7 in Linn and Miami counties. The 34.7-mile project starts at the Bourbon-Linn county line and continues north to the junction with U.S. 169.

Flaggers and a pilot car operation will guide one-lane traffic through the work zone. Traffic can expect delays of 15 minutes or less during daylight hours. The road work should be completed in three weeks, weather permitting.

KDOT awarded the construction contract of \$722,581 to Vance Brothers Inc. of Kansas City, Mo. David Baldrige, construction engineer with the KDOT Garnett Area Office, reminds drivers to obey the signs and flaggers, slow down, and "Give 'Em a Brake!" at the work zone. The project is funded under the T-WORKS transportation program. Those with questions may contact Baldrige at (785) 448-5446, or KDOT Southeast District Public Affairs Manager Priscilla Petersen, 1-877-550-5368. For more information concerning T-WORKS projects visit the website, www.ksdot.org/tworks.
