Draft Kansas Long Range Transportation Plan Available for Comment

The Kansas Department of Transportation (KDOT) has released a draft of the new Kansas Long Range Transportation Plan (LRTP) for public comment. The plan is now available online at www.kansaslrtp.org, or it can be viewed starting Friday, January 11 at any of the KDOT offices on the list below.

The LRTP is a broad policy document that will guide the state's transportation decision-making into the future. KDOT has worked for nearly a year with more than 150 stakeholders to develop the LRTP. It is important to note that the LRTP does not set out a new transportation funding program for Kansas.

Comments on the plan may be submitted to the Kansas Department of Transportation through the following means:

- Via mail to: Maggie Thompson, Kansas Department of Transportation, 700 SW Harrison, 2-West, Topeka, KS 66603.
- Via e-mail to: maggiet@ksdot.org
- Via the Internet at: www.kansaslrtp.org

- Via fax: 785-296-0287

Comments must be postmarked or transmitted by the close of business on Friday, February 22, 2008. After the comment period ends, all comments will be considered and the plan will be finalized and published.

If anyone has trouble viewing the draft plan from the Web site, please contact the Kansas Department of Transportation at 785-296-3585.

For more information on the long range transportation plan please contact, Kyle Schneweis at 785-296-0293 or Maggie Thompson at 785-296-5613.
